### Other Information You Would Like to Share:

*I am mother to two grown daughters and am blessed with four grandchildren and variety of critters. Worshipping as a family is important and special to me. Living in Isanti provides a unique lifestyle of both urban (I commute to Plymouth) and rural activities and hobbies. It would be an honor and privilege to participate as a member of the Synod Council. I believe everyone should have the opportunity to participate in the life of their congregation as a church council member. The opportunity to participate at the synod level sounds like an exciting challenge. I'm ready to be called to the next level of ways I can provide support to my local congregation and regional needs.*
