Energy consulting and rebates for Xcel Energy commercial customers

The One-Stop Efficiency Shop®, sponsored by Xcel Energy, is a free energy efficiency consulting and rebate program designed to help small - midsize Minnesota businesses save energy and reduce operating costs.

What we offer:

- Free lighting, HVAC, and refrigeration assessments and consultations
- Rebates covering up to 60% of project costs
- Reports and ROI analysis with estimated project costs, rebates, paybacks, and energy savings
- Free smart thermostat installations
- Project guidance including help finding contractors and reviewing bids
- Access to low-interest financing and grant funding
- Assistance completing and submitting rebate paperwork

How it works:

- Sign up for a free, no-commitment energy assessment
- Review your customized report with your consultant
- Make energy efficient upgrades tailored to your needs
- Sit back and start saving — we'll take care of the rebate paperwork (currently covering up to 60% of project costs)

Learn more and sign up for a free assessment at mncee.org/commercial or by calling 612-244-2427.

ONE-STOP EFFICIENCY SHOP®

Our Impact on Minnesota Businesses Since 2000

\$117

million in rebates awarded

4,000+

smart thermostats installed

20,000+

small to medium-sized businesses served

930

GWh saved

“Working with CEE is **like having an extra staff member on our team working hard for our interests**. The high-quality reports, bid documents, and work to collect invoices and process rebates would be extremely difficult to replicate in house.

—Justin Greif, **General Foreman**,
Minneapolis Public Schools Electric Shop

“CEE recommended a trusted contractor who came in for two days. They did a great job—were clean, courteous—and there was very little disruption to my business and customers. Now we have two different styles and 95% of the bulbs are the same. **Maintenance will be much easier and I'll be able to do it myself.**

—Al Dahlgren, **Franchise Owner**,
Once Upon a Child

“The lighting upgrade project made a huge difference in our space. **It's much brighter now and we're able to see the production floor more.** We've been tracking our energy bill every month and since installing the new lights, our bill is down 19%.

—Dan Johnson, **Director of Manufacturing**,
Riedell Skates

Center for Energy and Environment's One-Stop Efficiency Shop® serves eligible commercial customers in Xcel Energy's Minnesota service territory. CEE is an Xcel Energy authorized installer of smart thermostats.

About the One-Stop Efficiency Shop

Center for Energy and Environment's (CEE) One-Stop Efficiency Shop, sponsored by Xcel Energy, provides free lighting consulting and efficiency-based rebates to Minnesota businesses. Since 2000, One-Stop has helped over 20,000 small-mid-sized commercial clients save energy, reduce operating costs, and earn rebates through cost-effective lighting, HVAC, and refrigeration upgrades.
