

HOW TO
BE GREEN
AT SYNOD ASSEMBLY

BRING CONTAINERS

Bring re-usable coffee mugs or water bottles to use throughout the assembly weekend.

REDUCE WASTE

Eat at home or at a sit-down restaurant instead of bringing packaged food to the assembly.

COMPOST/RECYCLE

Follow instructions for composting and recycling instead of throwing everything in the trash.

TRAVEL GREEN

Carpool to the assembly with other members of your congregation who are attending.

TAKE WHAT YOU NEED

Only take pamphlets, pins, and materials that you will use and not just throw away.

REDUCE PAPER

Use your mobile device or table handouts instead of printing your own copies of materials.
